

Someone has said, if the Holy Spirit stopped working in the New Testament church, every thing would have fallen apart, but if the Spirit stopped working in the North American church today, 95% of everything would keep on going. How terrible to think that we may not even notice if God withdrew His Hand from our midst? This world doesn't need more wise and persuasive words, bigger buildings, more money, subversive strategies, technologically enhanced productions or more emerging philosophies. This world needs God to save them from themselves. So do we. We, the Church, need to be so filled with His Spirit, that our fears are transformed into faith, and our failures into victory, our weakness into strength, and our apathy and indifference into a passionate fully devoted walk of faith in Jesus. As we journey together through Acts 1-12 let's remember: Our Father in heaven delights to give the Holy Spirit to those who ask Him. Luke 11:13 and let's pray together that Elim would really be a Spirit-Filled Church.
